

Defect

Imperative Reaction

The system doesn't break
The engines never fail
The droning never stops
The program always prevails
It's the perfect remedy for human failure
The flawless strategy
With exact compacture

It's the end of the uncertain
It's the stabilizing factor
The authoritarian way
To root out the detractors

Rise
Shutdown
Push back
Silence the dissenters
Rise
Extract
Pulverize
Destroy the defectors

The turbine never slows
The pistons never fail
The droning never stops
The program always prevails
It's the perfect remedy for
Human defects
It's the ammunition to
Break down the suspect

It's the end of the uncertain
It's the stabilizing factor
The authoritarian way
To root out the detractors
