

Peaceful Village

IMT Smile

Lonely beach, peaceful village
Everybody wants to feel it
Why we gonna have to leave it

Lonely beach, peaceful village
Never gonna lose the spirit
Didn't have a chance to heal it

You never sow no corn but you want to reap
We want to live in peace, in our village and beach
So go away with your roads and casinos
Why you wanna take your village away
Almighty god we pray

Lonely beach, peaceful village
Everybody wants to feel it
Why we gonna have to leave it

Lonely beach, peaceful village
Never gonna lose the spirit
Didn't have a chance to heal it

Community work to build your village
Unity and love is what we found
Now you wanna build roads hotels and casinos
All this pain and suffering
Give this village a chance to heal

Lonely beach, peaceful village
Everybody wants to feel it
Why we gonna have to leave it

Lonely beach, peaceful village
Never gonna lose the spirit
Didn't have a chance to heal it

Lonely beach, peaceful village
Everybody wants to feel it
Why we gonna have to leave it

Lonely beach, peaceful village
Never gonna lose the spirit
Why we gonna have to leave it

Lonely beach, peaceful village
Everybody wants to feel it
Why we gonna have to leave it
