

## As Above, So Below

### In This Moment

(As above-bove, as above)  
(-bove, -bove, -bove, so below)  
(As above-bove, as above)  
(-bove, -bove, -bove, so below)

I won't lie - it's quite tempting  
Your handouts and your bones  
I won't lie - they're quite empty  
Your promises and your stones

If you sell they'll buy  
Don't feel - just sign  
If you sell they'll buy  
Don't think - stay blind

Give me the control  
Sign on the dotted line  
Give me the control  
She whispered softly

Give me the control  
You're crawling inside my mind  
Give me the control  
Don't you fight me

As above, so below  
What you reap is what you sow  
What you give comes back three fold  
As above, so below

Watch me, watch me float away  
I was never yours to save  
It all comes back three fold  
As above, so below, so below

(As above-bove, as above)  
(As above-bove, as above)

See I've danced with the enemy  
We have secrets no one knows  
Yeah I've danced with my enemy  
I wore her skin and her clothes

If I sell you'll buy  
Just feel - just sign  
If I sell you'll buy  
Just think - you're mine

Give me the control  
Just sign on the dotted line  
Give me the control  
She whispered softly

Give me the control  
You're crawling inside my mind  
Give me the control  
Don't you fight me

As above, so below  
What you reap is what you sow  
What you give comes back three fold  
As above, so below

Watch me, watch me float away  
I was never yours to save  
It all comes back three fold  
As above, so below, so below

(So below, so below)  
(So below, so below)

As above-bove, as above  
(As above-bove)  
As above-bove, as above  
(-bove, -bove, so below)  
As above-bove, as above  
(As above-bove)  
As above-bove, as above  
(-bove, -bove, so below)

As above, so below  
What you reap is what you sow  
What you give comes back three fold  
As above, so below

Watch me, watch me float away  
I was never yours to save  
It all comes back three fold  
As above, so below, so below

(As above-bove, as above)
