

Stone Cold Heart

Incognito

All along, you did nothing wrong
Still I'm missing something strong
And I feel I don't belong, Oh no
What should I do?
But tell the truth

'Cause it's been eating me away
And I'm burning just to say
That we can't go on this way, oh no
What should I do? What can I do?

And now I wish that I
Could give you more, than a stone cold heart
I wish that somebody would have told me
Then this would have been unnecessary
You're asking me why, but I just can't lie
You gave me more, than a stone cold heart
In a million years I never, ever thought we'd have to end this
way

Now we've come this far and we
Find it hard to just be friends, and it's better if we end this
way
I don't wanna lead you on no more
