Incubus

Could there be another universe?  
One that wasn't always out to getcha?  
Man it breaks my heart a little bit  
That you're like a sleepwalker  
Half alive and hanging by a thread

I'm not dead yet  
I'm not dead yet, no  
I'm bent but not broken  
And I'm not dead yet, no  
Yeah

Maybe there's a poem in reverse  
Spoken and it holds me out forever  
And it breaks my heart a little bit  
But love is like a blind archer  
Tryin' to shoot an apple off my head

I'm not dead yet  
I'm not dead yet, no  
I'm bent but not broken  
And I'm not dead yet  
Not yet

We're undefeated, bent but not broken  
No they ain't seen nothing yet  
We're undefeated, bent but not broken  
Not dead yet  
We're undefeated, bent but not broken  
No they ain't seen nothing yet  
We're undefeated, bent but not broken

I'm not dead yet  
I'm not dead yet, no  
I'm bent but not broken  
And I'm not dead yet (ooh)

I'm not dead yet (ooh)  
I'm not dead yet (ooh)  
I'm bent but not broken (ooh)  
And I'm not dead yet (ooh)  
No
