

# For Nothing

## Index Case

Time to feel good without you  
I'm your last breath  
Why do I die without you  
You're my last breath  
Pushing again pushing again  
The bluer the eyes the bluer the skin

Just looking over reasons  
Why certain eyes are seeing  
We can't stop pushing razors  
It might affect the bleeding  
You're certain with this option  
Once we start there's no stopping  
I'll film the perfect flavor  
For people who like watching

Time to feel good without you  
I'm your last breath  
Why do I die without you  
You're my last breath  
Pushing again pushing again  
The bluer the eyes the bluer the skin

Pulling the skin testing the sin  
Opening lies pushing it in

Time to feel good without you  
I'm your last breath  
Why do I die without you  
You're my last breath  
Pushing again pushing again  
The bluer the eyes the bluer the skin

Thanking you again for nothing  
I hate you again for nothing

Pulling the skin testing the sin  
Opening lies pushing it in
