

Borracho

Infectious Grooves

I slowly sip, no need to trip it makes me feel so good I wanna let it
rip
Can't quench that thirst, I wanna burst I keep on drinking but it only
makes it worse
Tequilla, will free ya, but in the morning I wouldn't wanna be ya
Heartache, heartbreak, I guzzle down more than my stomach should take

Borracho, from the tequila
Borracho, guzzle the wine
Borracho, 40 after 40
Borracho, most all the time

Another cup, I run amuck, I see a chick and I only wanna...
Drink after drink, I slowly sink, she runs away from me says
"Damn your breathe stinks"

Borracho, I'm feeling funny
Borracho, must be the wine
Borracho, that girl was ugly
Borracho, but now she's fine

Borracho hey, borracho hoe
Borracho most of the time
Borracho

Plots getting thick, minds played a trick
But the only thinking I do is with my...
Sweet on the tongue, this monkey's sprung
But deep inside I wish I'd never had begun
Holy Stoli, I just threw up it looks like Nana's special mole
Kissed you, then dissed you, now all I think about is how much that I
miss you

Borracho, from the tequila
Borracho, from the wine
Borracho, 40 after 40
Borracho, most all the time

Borracho hey, borracho hoe
Borracho I'm good to go
Borracho hey, borracho hoe
Borracho that's all I know
Borracho

Borracho hey, borracho hoe
Borracho I'm good to go
Borracho hey, borracho hoe
Borracho that's all I know
Borracho
