

## Frustrated Again

Infectious Grooves

Frustrated Again! (4x)

Destroy my vision - mental collision. The purpose  
fading - you keep ma waiting  
Like stuck in traffic - my thoughts go static again

Frustrated Again! (4x)

Star with the lying - there's no denying. My mind starts  
slippin' - mentally trippin'  
Your apathy - comes right back to me

Frustrated Again! (4x)

(lead)

Frustrated Again! (2x)

Your rationale - don't understand how. Lose  
concentration - find more frustration  
Learned no lesson - but you keep messin' with me
