

Just A Lil' Bit

Infectious Grooves

I'm a lil bit, just a lil bit, yeah a lil bit
I'm a lil bit freaky, I'm a lil bit pissed
I'm a lil bit out of my head
I'm a lil bit angry, I'm a lil bit hurt
I'm a lil more living than dead

Give me something, where's my something
Well I need something for my pain
Yeah I need something, so where's my something
Please give me something for my pain

I'm a lil bit social, I'm a lil bit sick
I'm a lil bit rough and rude
I'm a lil bit skanky, I'm a lil bit tweaked
I'm a lil bit shy and prude
I'm a lil bit sketchy, I'm a lil bit hate
I'm a lil bit out of my place
I'm a lil bit pit bull, I'm a lil bit bite
I'm a lil bit of a nut case

So give me something, where's my something
Yeah I need something for my pain
I need something, so where's my something
I need something for my pain

For my pain
I need something
Just a little bit of something

I'm a lil bit scary, I'm a lil bit scared
I'm a lil bit sad and shy
I'm a lil bit hungry, I'm a lil bit weak
I'm a lil more truth than lie

Give me something, where's my something
I need something for my pain
I need something, so where's my something
So give me something for my pain

I'm a lil bit, yeah a lil bit, just a lil bit
I'm a lil bit, a tiny lil bit
A lil bit

Give me something, 'cause I need something
Where's my something for the pain
I just need something, a little bit of something
Give me something for my pain
Yes please
