

# Can't Get Enough

Information Society

You whisper softly  
But your touch is like a hand grenade  
I can't shake this feeling  
But danger is around the bend

I can't get enough  
I got it but I still want more  
Don't tell me to stop it  
That ain't what you're here for

And I don't want to  
Turn it off when the  
Fun has just begun  
And I don't wanna give it up

'Cause I can't get enough  
Can't get enough of you

So unfamiliar  
Uncompromisingly so  
Still I can't stop myself  
Even with all I know

I can't get enough  
You know I don't want it to end  
I don't want to slow down  
'Cause I'm afraid I won't start again

And I don't want to  
Turn it off when the  
Fun has just begun  
And I don't wanna give it up

'Cause I can't get enough  
Can't get enough of you

Give me what you promised baby  
Give me what you promised baby  
I can't get enough of you
