

Creatures of Light and Darkness

Information Society

We are creatures of light and darkness
Only happy when we love, when we dare
We know nothing of moderation
Only suffer when we love, when we can

A man can only fly for so long
I'm coming in to land
It may seem strange, but I need you
To help me understand who I am

We are beings of hope and heartache
Only happy when we fall, when we fall
And in the end you'll need your anger
Keep the black hole and the sun all inside you

A man can only fly for so long
I'm coming in to land
It may seem strange, but I need you
To help me understand who I am

We are creatures of light and darkness
Only happy when we love...
