

Look at the world  
It's a complicated place  
And it's hard to keep the pace  
You've got to wear a smiling face

But what we've got  
Is a blue-light special on truth  
It's the hottest thing with the youth  
You've got nervers we need to soothe

If you've got to believe in something  
Believe in us we make it easy  
Peace and love incorporated

Shop around  
See if you don't agree  
We think it fits you to a "t"  
And the best part is it's free  
I believe

We got the market cornered this time  
We can make you feel fine  
It could impact your bottom line

If you've got to belong to something  
Belong to us we'll make you pc  
Peace and love incorporated

Peace and love  
It's the newest cause by far  
And we've got all the biggest stars  
Get your politics up to par

Welcome... to peace and love incorporated
