

Run Away

Information Society

If only for a day
I could see your face
I would be okay

If only for a night
I could see your smile
I would be all right

Oh, I wanna run away
Oh, I wanna run away
Oh, I wanna run away
With you

If only for an hour
I could feel the power
What it means to be with you

If only one last time
I could know you're mine
Life would be sublime

Oh, I wanna run away
Oh, I wanna run away
Oh, I wanna run away
With you

When I'm off and on my own
Though you're far
I know I'm not alone

Oh, I wanna run away
Oh, I wanna run away
Oh, I wanna run away
With you
With you
With you
