

## Somnambulistic

Information Society

I can't keep my eyes open  
Don't want 'em closed  
There are too many demons  
Don't want exposed

Always walking so far  
In my sleep  
Somehow I followed you so far  
But not too deep  
Some say I'm a narcoleptic  
Some say I'm a somnambulistic  
I'll dream of you tonight  
I'll dream of you tonight

It's after midnight, baby  
Can't close my eyes  
Maybe I'll take a pill  
It can't hurt to try

Always walking so far  
In my sleep  
Somehow I followed you so far  
But not too deep  
Some say I'm a narcoleptic  
Some say I'm a somnambulistic  
I'll dream of you tonight  
I'll dream of you tonight

I'm always walking in my sleep. I'm always talking in my sleep.  
..

Some say I'm a narcoleptic  
Some say I'm a somnambulistic  
I'll dream of you tonight  
I'll dream of you tonight
