

Settle With Me

Ini Kamoze

Won't you settle with me, with me, with me
Won't you settle with me
Won't you settle with me, with me, with me
Won't you settle with me

Woman I feel your love
Descend on me like a dove
And like a mountain breeze
Setting my mind at ease
Just like a flowing river
Your love is a cooling water
I want ya to be my wife
Put a little sugar in my life

Won't you settle with me, with me, with me
Won't you settle with me
Won't you settle with me, with me, with me
Won't you settle with me

I love the way you love
This ain't no hard times love
You get the golden touch
I want much more than enough
Just like Jah moon at night
I will provide your light
I'll give you enough and more
Come in and let me close my door

Won't you settle with me, with me, with me
Won't you settle with me
Won't you settle with me, with me, with me
Won't you settle with me

Woman I feel your love
Descend on me like a dove
And like a mountain breeze
Setting my mind at ease
Just like a flowing river
Your love is a cooling water
I want ya to be my wife
Put a little sugar in my life
