

The Goat

Inkubus Sukkubus

In the hot night as the moon rises higher
He has come to quench your desire
Here comes an angel to fan your fire
To take you to the stars, take you higher
Back from the days when the world was young
Back from the days when life was fun
It is him; he has come
He is the Beast and he is the One

Horns of the Goat
Hooves of the Goat
The fire of the Goat is in the eyes of the Goat
Hooves of the Goat
Horns of the Goat
The fire of the Goat is in the eyes of the Goat

In your hunger and in your lust
He makes you do the things you must
The red-hot flames are in your blood
The red-hot flames of se**** love
The god of madness will take your hand
The god of madness lead you to the dance
Lost in the rhythm, lost in the trance
Lost in the fever, lost in the dance

Across the seas, across the sand
These are all the lands of Pan
Every fey, every woman and man
You are all the babes of Pan

In the eyes of the Goat
Is the fire of the Goat
