

# I'll Keep My Hatchet

## Insane Clown Posse

We're keeping tables loaded with pistols, military, hunting, laser-optics, and shooting rifles  
Sunday morning, the first 50 paying adults will receive a free stainless lock-blade pocketknife  
Don't forget to register for the free custom-built AR-15 being given away by the Bridge Town Gun Shop

Keep your AR-15  
Trash knife kept clean  
Cross hair laser beam on your ruger machine  
Keep your 9 milli Luger with that hot ass red dot  
I'll keep my hatchet  
Swing-and-go chop!

Keep that Colt pipe back  
With that big Desert Eagle  
That weaponry dagger, carve that ass up-reload  
9mili Mac10, that musket rifle that pop!  
And I'll keep my hatchet  
Swing-and-go chop!

.40 cal Smith & Wesson  
That double burst  
12 gauge sawed-off  
Murder in the first  
M60, .44 Magnum, or Glock  
I'll keep my hatchet  
Swing-and-go chop!

Wessley Richards, drop like a bolt rifle  
Mauser! Model 98 make 'em stiffle!  
Swiss army knife, Bowie, machette don't stop!  
But I'll keep my hatchet!  
Swing-and-go-chop!

I don't need technology, it's not a pair 'o me  
I don't need artillery to feed the thrill in me  
I don't need machinery for the mean in me  
I'm kind of a hands-on guy!

(Muggers with shotguns, rifles, handguns, knives of all kinds)

You better  
You better  
Run from the Baretta  
They call it "The-Kill-You-Deatta"  
"The Sweater Shredder!"  
Some blast through vests when you're bustin' at cops  
But I'll keep my hatchet!  
Swing-and-go chop!

Brandish super pose pump-action Mossberg  
Modern model .336 will toss nerds  
Colt 45 into the chamber, it dropped  
But I'll take my hatchet  
Swing-and-goes chop!

I don't need technology, it's not a pair 'o me  
(I don't need it to get by!)

I don't need artillery to feed the thrill in me  
(Cuz I can do it myself!)

I don't need machinery for the mean in me  
(It just ain't who I am!)

I'm kind of a hands-on guy!

(Hi. I'm Heather. Come see what I've got)
