

Kiss the Clown

Insane Clown Posse

Jugglers, come out to play...

Guess who's coming to your big town
Juggling jesters, kick it clown
Circus sound, painted frown
Carnival of Carnage creeping round
I'm Violent J and I'm sick
They try to run me down
But you know I'm too slick
And I slip and slide like a Slinky
Slip and slide with my Twinkie
Welcome to my world
As it winds and it twists
I'ma kick a funky little rhyme that you missed
Boo-loo-chewy-wewwy-doo-boo
And you'd be f*cked up if that was really Voodoo

Come see the wonder, the show of your life
See me breathe fire and swallow a knife, right
I ain't swallowing nothing, Jack
But I can juggalo like you never thought you'd ever know
And we packing that funk
With a snap and a clap, and a jump, jump
So chicky chicky freak if ya want to be down
Step on up and kiss the clown

And kiss the clown
Kiss the clown
On up, kiss the clown
Step on up and kiss the clown
