

# We'll Be Alright

Insane Clown Posse

No Luck, Got Stuck  
They comin to reap on my truck  
Big Bills, Shit Kills  
No Pills and I'm out of Refills  
She dissed, I missed  
I'm having problems dodging these fists  
They chasing me, they wanna lock me up  
I'm surrounded by thugs who wanna sock me up  
I can't stand it, I'm stranded  
I can't find a home on this planet  
I fuck theater, I can't get up  
My own ladies tearing my shit up  
I missed quoata, I turned shoulders  
they all lockin me out, its gettin colder  
but im ok, I just move on  
I can weather any storm; I know in the long run

We'll be alright  
we'll be alright  
it aint no - thang  
shit aint no - thang  
(shit aint no thang)

We'll be alright  
we'll be alright  
it aint no - thang  
shit aint no - thang  
(shit aint no thang)

Mad Pills, Drink spills  
black out at night, my hands kill  
wake naked, can't take it  
yo, wrap me up in that blanket  
no bail, I fell  
I'm on the right track, derailed  
house stales, I'm in the county orange  
and my kids' life's been torn  
welfare, no healthcare  
every mother fucker out for they self here  
weird thoughts, life's tough  
but I'm a hustler and know how to bluff  
no cash, no past  
I got dogs bouty huntin my ass  
but its ok, I just move on  
I can weather any storm cause in the long run

We'll be alright  
we'll be alright  
it aint no - thang  
shit aint no - thang  
(shit aint no thang)

We'll be alright  
we'll be alright  
it aint no - thang  
shit aint no - thang  
(shit aint no thang)

Wrong turn, got burned  
and the mother fuckers still aint learned

Denied, no reply  
but I been known to retry

They hate me, im scary  
they waiting at the cemetery

Grim reaper creeping on me  
hound doggin  
I got a chemical splashin my noggin

I get lonesome, and then bones come  
they got warrents in effect and im on some

I aint healthy, cant help me  
I aint wealthy, look wat they dealt me

Straight straggler, brown bagger  
juggalo gang bang cant tag her

And its ok, I just move on

Ill survive it all

Cause I know in the long run

We'll be allright  
we'll be allright  
it aint no - thang  
shit aint no - thang  
(it aint no thang)

We'll be allright  
we'll be allright  
it aint no - thang  
shit aint no - thang  
(shit aint no thang)  
(2x)
