

Who do you think you are?  
On what is your answer based?  
Be careful, cause everything can change.  
In a matter of seconds  
All of your recollections  
Might become all that you've got left.

It feels like fear,  
Like someone slapped me in the face  
And then punched me in the stomach  
My security erased.  
It's like alone  
When one's habitual impulse  
Has no subject  
No object  
Just a wrist without a pulse.  
And I wanna do it all again.

Dumbstruck and disenchanted  
I won't take anything for granted.  
That was the worst mistake I made. I made  
Harmless remarks. For example these:  
"Wet behind the ears" and "Weak at the knees".  
Well they all never seem that harsh.  
A simple call for concern.  
But now it hurts so much,  
It's the hardest way to learn.  
It's the hardest way to learn.

Promise whatever happens  
You won't take your ambition  
And put it all into his mouth, no.  
There's some days  
I can't get out of bed cause  
When I'm awake I'm reminded  
Of what it's like without you.

But every other second passes  
And I'm expected to be some paragon of strength.  
Well let's hope I make it through this week.

It feels like fear,  
Like someone slapped me in the face  
And then punched me in the stomach  
My security erased.  
It's like alone  
When one's habitual impulse  
Has no subject  
No object  
Just a wrist without a pulse.  
And I wanna do it all again.  
And I wanna do it all again.  
And I'm gonna do it all again.  
Again, again, again...
