

## Out Of My League

### Inspection 12

How are you today?  
Me-I'm not doin' so well  
Been out here lost for days,  
In a dirt motel  
I'm not the only one  
I've got a friend over there  
Starin' at the sun  
Somewhere I went wrong  
I wanna take it back  
I'm now looked down upon  
Cause I'm livin' in a sack  
I'm still a human being  
So could you spare me change  
A change by means  
I'm not the only one  
Singing this tune  
Walkin' down the streets  
Da-na-na-na  
Society vision smeared  
Something picture perfect  
Has become unclear  
Immaculate thoughts oppresed  
They've pushed me down with no regrets  
Da-na-na-na
