

Follow me to where you don't know
Darkly closed my first home
Taking sites never looking back
Wanting more

Isn't it just a little bitch
To be forced to make that switch?
Making yet another mistake
You're so brave

Foolishly you walk beside me
Feeding of my throne
Never be the one deciding
Foolishly alone

My reflection in your mirror
Does it burn? Do you feel
Making friends till it...
One big scam, did you try?
Why did I let it go?
So far, for so long
Eating me out from the inside
Couldn't let go

Foolishly you walk beside me
Feeding of my throne
Never be the one deciding
Foolishly alone

Foolishly you walk beside me
Feeding of my throne
Never be the one deciding
Foolishly alone

There you go
Wanting more
There you go
Wanting more
