## **Soul Mistake**

Promises are carved out of lust With a fire in the heart That burns without regret I vow to play the part

In this meeting of the soul My feelings are unknown I learn with no regret I'm getting what I get

Feel some pain Though I'm miles away And ring to let you know Are you seeing someone I'd better let you go

She said this was a lesson in love She said this was a love to end all loves This soul never listens to me This soul has a lot to learn

Honesty eludes one and all Like a gypsy's search for gold He's dreaming all the time But the gold is hard to find

Promises are carved out of lust With a fire in the heart That burn's with no regret I'm getting what I get

Made a mistake with myself My lover couldn't lie She told me of the things That made her cry inside

She said this was a lesson in love She said this was a love to end all loves This soul never listens to me This soul has a lot to learn

Having the dreams of some gypsy
