

# Contact High

Iration

It's still real thinking back on that moment  
When you walked through that door  
There was something more in your eyes that you needed  
That you didn't before  
I was all alone just drifting on the ocean  
When I washed upon your shore  
You said, "Come on take a ride and I know we can find what we've been searching for"

You don't have to say what's on your mind  
Don't gotta read your signs  
'Cuz every time we get in contact, I  
I get a contact high

We're sitting here looking up at the stars  
Not a thing could ever tear us apart  
Seasons change but the feelings remain  
I'm there for you, be there for you

Reflection of the moonlight on your skin  
Dances to the rhythm of our every movement  
And I don't mind if we stay for a while  
Cuz I'm getting lost in the way that you smile  
Every sunrise gets a little brighter  
When I wake up with you  
Any time that you need me  
Anything that you ever go through

You don't have to say what's on your mind  
Don't gotta read your signs  
'Cuz every time we get in contact, I  
I get a contact high

Sitting here looking up at the stars  
Not a thing could ever tear us apart  
Seasons change but the feelings remain  
I'm there for you, be there for you

You don't have to say what's on your mind  
Don't gotta read your signs  
'Cuz every time we get in contact, I  
I get a contact high

You don't have to say what's on your mind  
Don't gotta read your signs  
'Cuz every time we get in contact, I  
I get a contact high

We're sitting here looking up at the stars  
Not a thing could ever tear us apart  
Seasons change but the feelings remain  
I'm there for you, be there for you
