

Don't Cry

Iris

Hear me now
Every word I say
Though it's night
In the silent sea

Don't cry
Ever
Don't cry
Never

In this world
Head down and low
Though life is lonely
You never know

Don't cry
Ever
Don't cry
Never

Every higher view
Has a greater fall
Deep as closer to
All that's beautiful
Say I'm an outlier
Safe on a high wire
Faith in a higher love
Just not a crier

Don't cry
Ever
Don't cry
Never
