Iris

And I know, it's no life for me  
And I know, it's no life for me

It's going to take you a long time  
So you become a fighter  
Then you sever the life line  
To the seeds of desire

You become a fighter

And I know, it's no life for me  
And I know, it's no life for me

It's going to take you a long time  
So you become a fighter  
Then you sever the life line  
To the seeds of desire  
You become a fighter

You become a fighter
