

# Brighter Than a Thousand Suns

Iron Maiden

We are not the sons of God  
We are not his chosen people now  
We have crossed the path he trod  
We will feel the pain of his beginning

Shadow fingers rise above  
Iron fingers stab the desert sky  
Oh behold the power of the Earth.  
Are your children ready for the fall?

Locking hands together well  
Raze a city, build a living hell  
Join the race to suicide  
Listen for the tolling of the bell

Out of the the universe, a strange light is born  
Unholy union, trinity reformed

Yellow sun it's evil twin  
in the black the winds deliver him  
We will sleep to souls within  
At a siege a nuclear gust is riven

Out of the the universe, a strange light is born  
Unholy union, trinity reformed

Out of the darkness, brighter than a thousand suns  
Out of the darkness, brighter than a thousand suns  
Out of the darkness, brighter than a thousand suns  
Out of the darkness, brighter than a thousand suns

Out of the darkness, brighter than a thousand suns  
Out of the darkness, brighter than a thousand suns

Burying our morals and burying our dead  
Burying our head in the sand  
Equals MC squared, you can't relate  
How we made God with our hands

Whatever would Robert have said to his God  
About he made war with the Sun  
Equals MC squared, you can't relate  
How we made God with our hands

All nations are rising  
Through acid bells of love and hate  
Chain medals of Satan  
Uncertainty led us all to this

All nations are raising  
Through acid bells of love and hate  
Confusion and Fury

This body carried em' down in vain  
I was preaching of a small pray  
In the bunker where we'll die  
We're the executioners that lie

Bombers launched with no recall  
Minute warning of the missile fall  
Take a look at your last day  
Guessing you won't have the time to cry

Out of the the universe, a strange light was born  
Unholy union, trinity reformed

Out of the darkness...  
Out of the darkness...  
Out of the darkness, brighter than a thousands suns

Out of the darkness, brighter than a thousands suns  
Out of the darkness, brighter than a thousands suns  
Out of the darkness, brighter than a thousands suns  
Out of the darkness, brighter than a thousands suns

Holy father we have sinned
