

Lifetime Thing

Isaac Hayes

Has anyone ever told you
How beautiful you are
I just wanna let you know right now you are
A lovely shining star

And all I wanna do is just get next to you
I got a lifetime thing for you (lifetime thing for you)

A wonderful obsession
And I'm hung up on your smile
Doesn't matter what I do or where I go
Your head resting softly on my mind

And all I wanna do is just get next to you
I got a lifetime thing for you (lifetime thing for you)

Pardon me if it seems like I'm coming on too strong
But I can't let this chance go by
Don't blame me for falling so hard for you
But I never knew the meaning of love
Until, I, until I looked in your eyes

Yeah, baby
And all I wanna do is just get next to you
I got a lifetime thing for you (lifetime thing for you)

All I wanna do is just get next to you
Lifetime thing for you (lifetime thing for you)

All I wanna do is just get next to you
Got a lifetime thing for you (lifetime thing for you)

All I wanna do is just get next to you
(Lifetime thing for you)

All I wanna do is just get next to you
Lifetime thing (lifetime thing for you)
Lifetime thing for you

All I wanna do is just get next to you
(Lifetime thing for you)

All I wanna do is just get next to you
(Lifetime thing for you)

All I wanna do is just get next to you
I got a lifetime thing for you (lifetime thing for you)

(Lifetime thing for you)
(Lifetime thing for you)
