

Save A Girl

Isac Elliot

Hello hello, I wanna know your name girl
I love that smile so beautiful
Is this the girl? It's possible?
Hello hello, can I get your number?
So charge your phone, I'll call tonight
This will be the best time of your life
'Cause we are who we are, don't fight it
Just hold on, we got that, that power to do what we want

Whooooa oh oh ooh ooh
I ain't got time to save the world
But I've got time to save you, girl
Whooooa oh oh ooh ooh
I think I have to fight for love
I'd do it all to save a girl!

Hello hello, I'm pointed right at you girl
And if this is the time, this is the night
We're gonna make it, you & I
Hello hello, don't be afraid no
Don't be afraid 'cause I got you, yeah I got you, love
Yeah yeah yeah
'Cause we are who we are, don't fight it
Just hold on, we got that, that power to do what we want

Whooooa oh oh ooh ooh
I ain't got time to save the world
But I've got time to save you, girl
Whooooa oh oh ooh ooh
I think I have to fight for love
I'd do it all to save a girl!

I won't let it stop the night turning into day
But I could save a girl, save a girl, save a girl
So close, can you feel the light?
We made it all this way
So I could save you girl
Whooooa oh oh ooh ooh
I ain't got time to save the world
But I've got time to save you, girl
Whooooa oh oh ooh ooh
I'm gonna save you girl,
I'm gonna save you now
I think I have to fight for love
I'd do it all to save a girl!
I'd do it all to save a girl!
