

Cumshot Combat

Isacaarum

Try to crawl in slime...

That is better than bloodshed
Take a bath tub overflowing with sperm
Yes, it's our perfect cumshot
In prick duel of clyster squad
Your cock prefer to beat me
Right over my sperms soaked face
Yes, it is our cumshot combat
And now is coming my chase

Yeah sick cumshot combat is a chosen way
When we're cum-blinded and try to wash it away
Set your ass up to your friend to suck in fast
We live, we love and fuck

Cumshot combat, hey
Bugger, don't stay away
Cumshot combat, hey
Don't stay away

The final battle of orgasms is completely fucking done
But there's no rest - no rest for the bloody "dead".

That is better than bloodshed
Take a bath tub overflowing with sperm
Yes, it's our perfect cumshot
In prick duel of clyster squad
Your cock prefer to beat me
Right over my sperms soaked face
Yes, it is our cumshot combat
And now is coming my fucking, ball licking, my fisting, motherfucking chase
