

Snatch twenty-two, a nasty picture. Shag exposed in public, oh my god. Not a holy scripture... But after all we'll make her clean. The enema is now getting hard... Aaahhh...

Deep penetration, that hole must be fixed... With a bung... Hot bicarbonate, mastix... Aaahhh... Rinse her, then brutally enemize... With no mercy... Boiling clyster - the first prize... Aaahhh... Whoah!

Masticating liquid crap, looting, sacking, plundering too. Hilarious ecstasy, if she sleeps I'm wondering. Pungent stench, some carcass nearby?

What you see is what you get. Filthy matter on the pavement, rubber aprons went all wet. Every hole, it must be clean, remember, you silly slut. Chastisement is very scurvy, public cleansing - box, fucking butt! We are serious, we mean it goddamn so. Dirty cunt equals dirty soul... Whoah!

Pungent stench, some carcass nearby? What you see is what you get. Filthy matter on the pavement, rubber aprons went all wet. Every hole, it must be clean, remember that silly slut! Chastisement is very scurvy, public cleansing - box and that and that! Public enema, what can we say? We watch you really all the time. That's like policy, that's like belief. Do not try to commit a crime.

Mind the penetration, that hole must be fixed with a bung... Hot bicarbonate, mastix... Aaahhh... Abrased, painfully enemized with no mercy... Boiling clyster - the first prize... Aaahhh...

A clyster preservation now, be brave or die. Furious impregnation, it gets you high. Abdominal maceration, you've just right to choose. Scandalized execution, your cunt has not to ooze.
