

Jerk off! Riding the whorse again including her equestrian. Holy fuckbutter traps, we do it all, we can. Wear goggles Arabian or draw a cunt, then try to hit me with your revolver gun...

Pulverized mesh in the stinky snatch, nasty event's day. Sludge slowly drips over my face and I love it... Motherfucker. Refecated cum, now I wonder of isolation. Penis inside out, now I wait for the devastation. Revolver in a hand, so nice meaty gun. But I'm afraid a bit there's no more fun.

Watch out! Here we go! Here we go!

Kill me right here, eschatology is gone.

Coprophagous lust, body juices are to run. Porno priestess, you're very well armed. Goddess of sin, fuck me please and harm. Dropdead and molested still trembling in pain. Exploited and violated by equestrian.

Death's dormant but still waiting, gun reloaded with slime. Spermless, sucked out and still trembling, target is assigned.

Pornographic, pictographic, cunt-o-matic pumping gun. Pornographic, anal traffic, automatic number one. Insanity is ready to cum.

Dormant. But inside out. Dormant. But inside out.

Wrath... It killed me... Wrath killed me... Wrath killed me... Revolver is wrath.
