

The First Time

Isak Danielson

I wish it would stay the same
Like the smell of summer rain
But it doesn't
No it doesn't

We filled these shoes so fast
And I thought that they would last
But they didn't
No they didn't

Times will change and so will we
I guess we're older now it seems

I'd give it all for one
Just one more chance to run
Feel everything once more
Feel it like before
Like the first time

We used our fake IDs
Made love or tried at least
Always wanting more
But we had it all the first time

I'll keep the memories
And accept it will never be
How we left it
But we left it

We spent so many nights
Dreaming of a perfect life
Will we make it
Have we made it?

I guess that life has changed and so have we
Cause we are older now, it seems

I'd give it all for one
Just one more chance to run
Feel everything once more
Feel it like before
Like the first time

We used our fake IDs
Made love or tried at least
Always wanting more
But we had it all the first time

Ooh oh oh
The first time
Ooh oh oh
Remember the first time
Ooh oh oh
Remember the first time
Ooh oh oh aah

I'd give it all for one

Just one more chance to run
Feel everything once more
Feel it like before
Like the first time

We used our fake IDs
Made love or tried at least
Always wanting more
But we had it all the first time

Ooh oh oh
The first time
Ooh oh oh
Like the first time
