

Men Who Ride Mountains

Israel Kamakawiwo'ole

For the men who ride mountains
These men of the sea
They're no different than you and me
Men of the sun and the sea

Those men who ride mountains
The men who ride mountains
These men who brave the sea
Top to bottom, side to side
Looking for the ultimate ride
For the men who ride mountains
These men who brave the sea

Every island has it's legends
They're no different from the rest
Just let me tell you about these people
Tom da dum wave riding men
Ooo tom da dum
Ooo tom da dum

Men who ride mountains
These men of the sea
They're no different than you and me
Men of the sun and the sea
Those men who ride mountains
Into the wind
Top to bottom, side to side
Looking for the ultimate ride

For the men who ride mountains
For the men who ride mountains
For the men who rode mountains
For the men who rode mountains
