

# Beautiful Oblivion

## Issues

Say goodbye to yesterday  
I wanna feel a different pain  
Give me anything but this  
Cigarette against my wrist  
You speak and bullets fly  
Our love is crucified  
Heaven only sees behind these eyes

Symphonies in my head keep me alive  
I feel my pulse bumping like a beat I can't deny  
Beautiful oblivion

I can't feel you now  
I'm in love with the rhythm  
In love with the rhythm  
Beautiful oblivion  
I can't feel you now  
I'm in love with the rhythm  
In love with the rhythm  
Beautiful oblivion

Turn the music loud I'll drown you out  
You cannot kill my peace of mind  
There's something 'bout the way  
The bass can take the taste of blood away

Symphonies in my head keep me alive  
I feel my pulse bumping like a beat I can't deny  
Beautiful oblivion

I can't feel you now  
I'm in love with the rhythm  
In love with the rhythm  
Beautiful oblivion  
I can't feel you now  
I'm in love with the rhythm  
In love with the rhythm  
Beautiful oblivion

Think I found my cloud nine  
Cloud nine  
Cloud nine  
Think I found my cloud nine  
Cloud nine  
Cloud nine

I can't feel you now  
I'm in love with the rhythm  
In love with the rhythm  
Beautiful oblivion

Symphonies in my head keep me alive  
I feel my pulse bumping like a beat I can't deny  
Beautiful oblivion

I can't feel you now  
I'm in love with the rhythm

In love with the rhythm  
Beautiful oblivion  
I can't feel you now  
I'm in love with the rhythm  
In love with the rhythm  
Beautiful oblivion

Think I found my cloud nine  
Cloud nine  
Cloud nine
