

Work Out

J. Cole

I wanna see you work out for me, work out for me

Hey, we got a good thing
Don't know if I'm a see you again
But is that a good thing?
Cause girl I can't be your man, no ma'am
I know what's on your brain
You're probably hopin' never would end
Like is it the real thing
Or is it just a one night stand

Let me see you get high and go low
Now girl won't you drop that thing down to the floor
I'm here for one night, how far will you go?
I wanna see you work out for me, work out for me

High and go low
Now girl won't you drop that thing down to the floor
I'm here for one night, how far will you go?
I wanna see you work out for me, work out for me

She like them boys with the big ol' chains
Ride around town in the big ol' Range
I knew her when I rock big ol' chains
Now the little nigga doing big ol' things
Would you look at that, I came back for it
Just to give it to ya, like you asked for it
Man that thing in them jeans too fat for it
It rebounds so I caught off the backboard
I told her, baby girl come here
Know I run the town even when I ain't from there
And I brag hardly but just to show up at this party I made
What your nigga make in one year, that's unfair but
So is life, take a chance roll a dice
Money can't buy you love cause it's over priced
Don't overthink just hope it's right
I'm only here for the night

Hey, we got a good thing
Don't know if I'm a see you again, see you again
But is that a good thing?
Cause girl I can't be your man, no ma'am
I know what's on your brain
You probably hope it never would end
Like is it the real thing
Or is it just a one night stand
Well then

Let me see you get high and go low
Now girl won't you drop that thing down to the floor
I'm here for one night, how far will you go?
I wanna see you work out for me, work out for me
High and go low
Now girl won't you drop that thing down to the floor
I'm here for one night, how far will you go?
I wanna see you work out for me, work out for me

Carolina blue kicks, fresh on the scene
Hottest nigga on the block, damn girl you mean
They be starting shit, but it's your world
On my Martin shit, you go girl
She bad and she know it, some niggas save Hoes
I'm not that heroic
Could you be my escort
Cause just like them two door Fords
Damn, they don't make 'em like you no more
Cole World, real Cole World
Them boys cool, me I'm on fire
Know what's on my mind, tryna see what's on yours tonight
Tonight, tonight
Move slow, cause you wanna live fast
Up late so you'll probably skip class
Life is a test so before the night pass get right
Get right

Hey, we got a good thing
Don't know if I'm a see you again, see you again
But is that a good thing?
Cause girl I can't be your man, no ma'am
I know what's on your brain
You probably hope it never would end
Like is it the real thing or is just a one night stand
Well then

(Cole World)
