

# You Keep Me Hangin' On

J. J. Cale

Every time I stop awhile  
And think about your sweet smile  
I can't do nothing else all day  
The way that you wink your eye  
Every time you walk by  
Baby what can I say  
You keep me hanging on  
I can't get nothing else on  
When the evening rolls around  
And there ain't nobody around  
Baby, I think of you  
Of all the stars at night  
None can match the brilliant light  
That I see in your eyes  
The humble warmth, the glow  
Baby child I know, I still think of you  
If I could hold you  
Just one time  
Stop that moment in my mind
