

# Hope

Jack Johnson

Shadow walks faster than you  
You don't really know what to do  
Do you think that you're not alone?  
You really think that you are immune to  
Its gonna get that the best of you  
Its gonna lift you up and let you down  
It will defeat you then teach you to get back up  
After it takes away all that  
You learn to love

Your reflection is a blur  
Out of focus  
But in confusion  
The frames are suddenly burnt  
And in the end of a roll of illusion  
A ghost waiting its turn  
Now I can see right through  
It's a warning that nobody heard

It will teach you to love what you're afraid of  
After it takes away all that  
You learn to love  
But you don't  
Always  
Have to hold your head  
Higher than your heart

You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better be hoping you're not so...  
Du du rut  
Hope you're not alone  
Hmm hmm humm

Your -  
Your echo comes back out of tune  
Now you can quite get used to it  
Reverb is just a room  
The problem is that there's no truth to it  
It's fading way too soon  
The shadow is on the move  
And maybe you should be moving too  
Before it takes away all that you learned to love  
It will defeat you and then teach you to get back up  
Cause you don't  
Always  
Have to hold your head  
Higher than your heart

You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone

You better be hoping you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not so...  
Du ru ru ru ru  
Hope you're not alone  
Hmm hmmm hmmm  
Better hope  
Huuu huuu hmmm  
Better hope you're not alone  
Huuu huuu hmmm  
Hooope
