

Best of Joy

Michael Jackson

I am your joy your best of joy
I am the moonlight you are the spring
our lives a sacred thing
you'll know I always will love you
I am forever
I am the one who came when you fell down
I was the only one around
when things would hurt you
I am forever
wasn't it I who said that you are free
when if it seem so hard to be
and things would hurt you

I am forever, I am forever
we are forever, we are forever
I am your friend through thick and thin
we need eachother we'll never part
our love is from the heart
we never say I don't need you
we are forever
I am the one who said that you are free
when if it seem so hard to be
and nothing would cheer you
I am forever
wasn't it I who carried you around
when all the walls came tumbling down
when things would hurt ya'

I am forever, I am forever
we are forever, we are forever
you are the sun that lights up the sky
when things are shady
let go and then we do get back
I was the only one around
when things would hurt ya'
we are forever, I am forever
we are forever, I am forever
we are forever
we are forever
we are forever
we are forever
we are forever
I am forever
I am forever
we are forever
we are forever
I am forever
