

Kids On The Corner

Jacob Banks

Kids on the corner shinning their toys at me
Kids on the corner this could be the last breath I breath
No one to run too
No chance in hell I'm gon' get through
Forever kids on the corner they will be

Kids on the corner you know they shop for free
kids on the corner see it in their eyes lost at sea
No where to run for
No chance in hell its the final score
Forever kids on the corner they will be

Kids on the corner that used to be me
Kids on the corner dying to be set free
Not going to make it
Not matter how hard I shout
Forever kids on the corner we will be
