

Connection

Jacob Latimore

I can't wait to get to you, oh no
I know just how I want it, want it
I can't wait to get it to you
I'ma put it down, put my face down on you
'Cause I know you love it, yeah yeah
Tonight I'm so selfish
Nobody else's, no
I love it when you cum so crazy
And you let me go down there
So juicy babe
I'ma clean up whatever mess you make
No hands for it
Swear to God, I'ma do my job
She said
Mm, I think it's that think right now, right now

Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it

I think it's that time, I think it's that time
I think it's that time, I think it's that time, oh, no, no
No earthquake, you shakin'
Tongue game strong, you shakin'
Must be real, you can't sit still
Girl, I love when you naked
I can hear your body call
Let me swim in your waterfall
Right stroke, back stroke
Baby girl, I can do it all
All night
If you want it, I can prove it to you
So many things I can do to you
Ride this dick just like a Uber
Heard you kinda country, wanna put it on you
Said you like pain, we I feel soldier
Said you like pain, don't say hold up
Said you like pain, no sayin' hold up, hold up, hold up
Break it down as I break it
LA fitness, I'ma work you out
Scream so many times you askin' how, I'm insane

Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it
Every time I'm in in, girl, you love it, yeah I'm with it

Oh no, yeah
Yeah, mmm
Mmm, I think it's that right now, right now
Oh, yeah
Mmm, yeah
