

## How

Jacob Latimore

I don't know how someone could love me  
After all the things I've done  
The word that comes to mind is lucky  
Cause it's the first time I feel like I done won  
And I'm still tryna figure out

How how  
How did I end up with you  
How how  
Wish that I had the slightest clue  
Girl tell me  
How how  
How did I end up with you  
How how  
All that I know is it's too good to be true

I been a million places  
Seen a lot of faces  
All that I can say is  
How did I end up with you  
Been a million places  
Seen a lot of faces  
But I'm forever grateful  
For me to end up with you

So I'm reaching out tonight  
Knowing you can read my mind  
All this time and space  
Need to be filled with your grace  
Cause baby you are  
So damn incredible  
I need you and it's critical  
Love like this you know it's biblical  
Let's keep our past to a minimal  
I've done things unforgivable  
Thought it was best if you didn't know  
But you saw thru all the typical  
And never let me go  
Still tryna figure out

How how  
How did I end up with you  
How how  
Wish that I had the slightest clue  
Girl tell me  
How how  
How did I end up with you  
How how  
All that I know is it's too good to be true

I been a million places  
Seen a lot of faces  
All that I can say is  
How did I end up with you  
I been a million places  
Seen a lot of faces  
All that I can say is

How did I end up with you
