

# It's My Birthday

Jacob Latimore

Baby are you waiting for me  
When I get home  
I just want to feel you body  
Like words to a song

I don't want no interruptions ooh  
Imma push every button to see what they do  
Baby we gonna do something tonight

Since it's my birthday baby Imma  
Put my face in the cake baby Imma  
Gon' let you blow out the candle baby  
Since it's my birthday  
What I say goes  
Gon' touch your toes  
Since it's my birthday baby Imma  
Put my face in the cake baby Imma  
Gon' let you blow out the candle baby  
Since it's my birthday  
What I say goes  
Gon' touch your toes  
Since it's my birthday baby Imma

Don't wait on me  
Take all you need  
Girl lose control  
Surprise me  
Party of 3  
Ride on me like the road

No interruptions ooh  
Imma push every button to see what they do  
Baby we gonna do something tonight

Since it's my birthday baby Imma  
Put my face in the cake baby Imma  
Gon' let you blow out the candle baby  
Since it's my birthday  
What I say goes  
Gon' touch your toes  
Since it's my birthday baby Imma  
Put my face in the cake baby Imma  
Gon' let you blow out the candle baby  
Since it's my birthday  
What I say goes  
Gon' touch your toes  
Since it's my birthday baby Imma

Feel all on you  
Watch you give me a dance for my day  
Bend you over  
Carry you to the bed like a gift  
And get you open  
All in your body like a celebration  
Caught in the moment  
Since it's my birthday
