

Meant For Me

Jacob Latimore

Woah, oh
Oh, no, no

I'm 285 at 5 A.M
I know that you tired, prolly worryin'
When I get inside, I won't play with you
I'ma deep sleep, take care of you
All up (Oh)
Be like shoulders (Shoulders)
I control ya (Oh)
Bend it over (Over)
She gon' toot it (Toot it)
I'ma boot it (Boot it)
I'ma go in (Go in)
I'ma love it (Love, yeah)
We been down a while
All 'round town with my arm around you
We be spendin' time
I just wanna see you shine
Not tryna build your head up
I just wanna blow your mind

I like you mentally
I like you physically
I like you sexually (Oh)
And intellectually
It's like you meant for me (Oh)
It's like you meant with me (Oh)
I need your energy (Oh)
I need you here with me
I like you mentally
I like you physically (Yeah)
Oh, you sexual (Sexual)
Intellectually
It's like you meant for me (Meant for me)
You know I need you here with me

Run it up, run (Run)
Run up the road, and run up the back
Run overseas, run up a tab
Runnin' to tell, runnin' it back (Oh yeah)
Yeah, I'ma run it back, baby
I'ma run it back, baby
I'ma run it way back
Like it's playback
My love don't take that
Don't you take that
Don't be stupid
Blow a full bag (Bull bag)
Don't you blow a sack (Sack)
Don't you do that (Don't you do that)
Girl, don't you do that
I love you, ruthless
And when you not by my side, I feel so useless
Yeah, yeah
This little heart of mine, this little heart of mine
Yeah, yeah

This little heart of mine, this little heart of mine

I like you mentally
I like you physically (Oh)
I like you sexually
And intellectually
It's like you meant for me (Oh)
It's like you meant with me (Oh-oh)
I need your energy (Oh)
I need you here with me
I like you mentally
I like you physically (Yeah)
Oh, you sexual (Sexual)
Intellectually
It's like you meant for me (Meant for me)
You know I need you here with me
