

Welcome to D-Block

Jadakiss

This is my livelihood
That you fuckin' with
This is it right here baby
No more hatin' in the world
You know, it's gonna be what it's gonna be
Ruff Riders

Welcome to D Block, the city of broke down dreams
With things ain't always peachy keen as they seem
City of dope dealers, killers, pimps, pushers
Pan handlers hustlers and doped out fiends

The sun don't shine here, in this part of town
But we all got a town that's similar to this too
'Cuz every cities got a ghetto and every ghetto got a hood
Take a good look around you 'cuz there's a D Block near you

Place where ain't no body that proud, it's a fuckin' black cloud
That got people under the impression they can act wild
Workin' around though, see if you can pull a trigger on the pound yo
Five minutes flat the whole town though

Lot is assumin' a niggas salary
More lies than truth definitely more rumors than reality
Only way you beatin' a body is a technicality
Other than that catch 'em and Clinton on a gallery

The determination and dedication of discipline
Listenin' and catchin' the jewels you was missin'
And they still doin' coward shit
You know the hate is gonna always be heavy but the love over powers it

Somethin' in the air but the older they get
They kill you quicker over a girl than over a brick
We don't play with the lizards
We make phrases up and say I'm exquisite
Anytime you can pay us a visit

Welcome to D Block, the city of broke down dreams
With things ain't always peachy keen as they seem
City of dope dealers, killers, pimps, pushers
Pan handlers hustlers and doped out fiends

The sun don't shine here, in this part of town
But we all got a town that's similar to this too
'Cuz every cities got a ghetto and every ghetto got a hood
Take a good look around you 'cuz there's a D Block near you
