She's forever my girl, my girl, my girl And I'll tell the world

I never had a feeling like this before I wasn't ready when I met her no I was way to busy clubbin and ?? And now I'm bout to take you out

Girl I'm back to claim what is mine
And if you still love me girl then we still got time
Ain't worried bout what people got stuck on their mind
The only thing on my mind, is making you mine

And I'll tell the world, the world, the world That I love this girl, this girl, this girl And I'll tell the world, the world, the world She's forever my girl, my girl, my girl And I'll tell the world

I never had a feeling like this before
I'm sick to my stomach, I can't eat no more
Can't sleep no more, don't wanna go out no more
I'll give you the love that you deserve if you let me come home

Girl I'm back to claim what is mine
And if you still love me girl then we still got time
Ain't worried bout what people got stuck on their mind
The only thing on my mind, is making you mine

And I'll tell the world, the world, the world That I love this girl, this girl, this girl And I'll tell the world, the world, the world She's forever my girl, my girl, my girl And I'll tell the world

And I'll tell the world, the world, the world That I love this girl, this girl, this girl And I'll tell the world, the world, the world She's forever my girl, my girl, my girl And I'll tell the world

Let me take a couple seconds here to tell you what I'm talkin' 'bout I love this girl but she always tryna put me out
