

Adderall

Jake Miller

Lately been feelin' the pressure
Clockin' in hours like extra
But you charge me up like a Tesla, woah
I'm fallin' asleep at the red light
Locked in the studio late night
Three days since I've seen the sunlight, woah

But every time I hit a wall
You come over when I call
Keep me up like Adderall
Don't know how ya do it
All the noise inside my head
Fades away when you undress
Paradise inside my bed
Yeah yeah, yeah yeah

I'm fuckin' tired
But you got me wired
Ooooh, ya cause it's never hard to focus on you
I'm so exhausted
I'm drained like a faucet
Ooooh, yeah but it's never hard to focus on you

Oh na na na
Focus, focus
Oh na na na
It's never hard to focus on you
Oh na na na
Focus, focus
Oh na na na

Lately my eyes lookin' bloodshot
Been on the road like a whole lot
Hotel to hotel it's nonstop, woah
And you got your finals in grad school
I know that you on your grind too
Girl that's why I fuckin' love you, woah

Cause every time I hit a wall
You come over when I call
Keep me up like Adderall
Don't know how ya do it
All the noise inside my head
Fades away when you undress
Paradise inside my bed
Yeah yeah, yeah yeah

I'm fuckin' tired
But you got me wired
Ooooh, ya cause it's never hard to focus on you
I'm so exhausted
I'm drained like a faucet
Ooooh, yeah but it's never hard to focus on you

Oh na na na
Focus, focus
Oh na na na

It's never hard to focus on you
Oh na na na
Focus, focus
Oh na na na
It's never hard to focus on you

Oh na na na
Focus, focus
Oh na na na
It's never hard to focus on you
Oh na na na
Focus, focus
Oh na na na
It's never hard to focus on you
