

COULD HAVE BEEN YOU

Jake Miller

L.A. fucking changed you
You were different person all of a sudden
But honestly I've changed too
I guess I'm not the type that you wanted

'Cause my love didn't face you
I bought you Gucci before I could afford it
Would have given out a world to you
But then I've never heard from you

Oh-oh-oh-oh
One day you'll come running back, back, back
Oh-oh-oh-oh
But it'll be too late for that

I'm doing what we've dreamed of
With somebody new
Going to the places
That you wanted to
It could have been you
It could have been you

I bet you see the pictures
Popped up on your phone
I know that it kills you
That I'm not alone
It could have been you
It could have been you

It could have been
You
It could have been
You
It could have been

But L.A. fucking changed me
And trust me when I say for the better
I moved on 'cause you made me
Made me
Now my cologne on new girl's sweater

And she's fucking amazing
I knew it from the moment I've met her
And I might give a world to her
And give her what you don't deserve

Oh-oh-oh-oh
One day you'll come running back, back, back
Oh-oh-oh-oh
But it'll be too late for that

I'm doing what we've dreamed of
With somebody new
Going to the places
That you wanted to
It could have been you
It could have been you

I bet you see the pictures
Popped up on your phone
I know that it kills you
That I'm not alone
That could have been you
That could have been you

It could have been
You
That coulve have been
You
It could have been

I'm doing what we've dreamed of
With somebody new
Going to the places
That you wanted to
It could have been you
It could have been you

I bet you see the pictures
Popped up on your phone
I know that it kills you
That I'm not alone
That could have been you
That could have been you

It should've been you
