

# Hit And Run

Jake Miller

Wasted, wasted  
Waiting up on you, on you  
Patient, patient  
Said you're coming through  
Oh, why

You can just call me up  
Whenever you want love  
Don't need no invitation  
'Cause I know just what you want  
Don't need feelings involved  
No need to complicate it

'Cause we are both alone tonight  
Won't tell no one, just come hit and run  
'Cause they don't need to know tonight  
If you want some love then come hit and run

Tension, I'm guessing  
That you feel it too, oh yeah  
Questions, we can answer  
In my room, oh

You can just call me up  
Whenever you want love  
Don't need no invitation  
'Cause I know just what you want  
Don't need feelings involved  
No need to complicate it

'Cause we are both alone tonight  
Won't tell no one, just come hit and run  
'Cause they don't need to know tonight  
If you want some love then come hit and run

'Cause I don't want to sleep alone tonight  
I need you here, I need you here  
I don't want to sleep alone tonight  
I need you here, I need you here

'Cause we are both alone tonight  
Won't tell no one, just come hit and run  
'Cause they don't need to know tonight  
If you want some love then come hit and run

I need you here  
Come hit and run  
I need you baby  
Come hit and run
