

# Me And You

Jake Miller

(Chorus - part 1) (x2)

Me and you

Yea, we're gonna burn this city down

We're the only ones that'll make it out

Me and you

Yea, it don't matter where we go

We'll leave behind all that we know

(Chorus - part 2) (x2)

Just me and you (Just me and you)

Just me and you (Just me and you)

Just me and you

Just don't know what we're doing now

(Verse)

Listen up girl, I could be your getaway

Loosen up girl, I can take the pain away

So tonight baby we can throw the drinks as up this night

Shit, it's time for a send away

Let's shake this city like an earthquake

I'll stand by you until my legs break

Going city down, we can ride around top

Then tell me how is that for a first date?

(Pre-Chorus)

'Cause I've been up for days

Thinkin bout escaping now

We can have it made

f\*\*k this place, we're breaking out

So peace out cuz we gone

Girl I know you're nervous

But we can take em on

Us against them, the whole world versus...

(Chorus - part 1)

Me and you

Yea, we're gonna burn this city down

We're the only ones that'll make it out

Me and you

Yea, it don't matter where we go

We'll leave behind all that we know

(Chorus - part 2) (x2)

Just me and you (Just me and you)

Just me and you (Just me and you)

Just me and you

Just don't know what we're doing now

(Verse)

Bonnie & Clyde, like Bonnie & Clyde

Like Batman & Robin, I'll catch you when you're fallin

Baby say the word, I can run up when you callin

I'll put you back like it's our, if you sink baby I can be your power

We're like Harold & Kumar

One day I'mma make you a queen, put you in a White Castle

(Pre-Chorus)

Baby I've been up for days

Thinkin bout escaping now

We can have it made

f\*\*k this place, we're breaking out

So peace out cuz we gone

Girl I know you're nervous

But we can take em on

Us against them, the whole world versus...
